LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to pay for advertising more than five or more than a merchant can afford to pay for advertising more than goods or stock. A newspaper is a legitimate business concern. Its publications should be paid for, no matter in what part of the paper they appear.

THE SNOW FORECASTS ARE MADE FOR A PERIOD OF THIRTY-six HOURS, ENDING AT 8 o'clock ON WEDNESDAY.

Buy a Gas Stove and save 25% on your gas bills. Investigate the cost. J. J. Fitzgerald.

Frank Gregson was steered into the Police Court by a good-sized jar, and he will pound rock to the tune of \$6.50.

Uncle Sam's first year closes today; and so does The Ledger's! To-morrow our Collectors will be abroad in the land, and we bespeak for them a generous welcome and a substantial reward. Free silver—on the present gold basis—taken at par.

The right kind of advertising pays. If you are in doubt, just ask Simon Resenau of the Beehive, or better still, go there and see the crowds of customers. Have the goods to sell, and then don't be afraid to spend a few dollars to let the people know it. That's the kind of advertising that pays—and pays big.

Mr. Dulin Moss has been quite ill with typhoid fever.

The Silver Convention at Chicago will be a hummer. See J. N. Lynch and get The Cincinnati Post.

The funeral of the late Mr. Conrad M. Rudy will take place from his late residence on West Second street at 2 o'clock this afternoon under the auspices of the Masonic Lodge.

The famous St. Nicholas Hotel in Cincinnati was sold at public auction and bought by the daughters of the late George Carllis for \$302,900. It was appraised at \$500,000. The sale was brought about by a suit in partition of the Carllis estate.

The late Conrad M. Rudy was one of the contractors that purchased the fire engine Niagara in 1851. The machine was bought in Cincinnati, and the river was crossed by the men in the engine. Some of them are almost as tall as the vistid. Strangers coming to this city by the river might think the Captain of the steamer had made a mistake and put us in the woods.

Mother will find Chamberlain'sough Remedy especially valuable for crew and whooping cough. It will give prompt relief and is safe and pleasant. We have sold it for several years and it has never failed to give the most perfect satisfaction. G. W. Richards, Duquense, Pa. Sold by J. James Wood, Druggist.

For Paris Green that will kill and not faint insects go to Chenoweth's.

Regular election for officers of DeKalb Lodge, I. O. O. F., this evening. Every member is earnestly requested to be present. Business of importance. And don't you forget it.

It is the unanimous opinion of every one who has priced the Watch offered by P. T. Morris, the Jeweler, that he is offering the same at lower prices than those goods have ever been offered. All his Watches are warranted to give satisfaction.

Bear in mind the neat steamer Laurence makes one of her delightful excursions this evening, leaving her port at 7 o'clock, making a run of ten miles up and down the front of the river, returning at 8:30. Good music, good people and a nice, enjoyable ride for 10 cents.

It's a wonder the Committee on Wharf and Ferry wouldn't harvest the elegant boat that Captain of the steamer. Strangers coming to this city by the river might think the Captain of the steamer had made a mistake and put us in the woods.

Mother will find Chamberlain'sough Remedy especially valuable for crew and whooping cough. It will give prompt relief and is safe and pleasant. We have sold it for several years and it has never failed to give the most perfect satisfaction. G. W. Richards, Duquense, Pa. Sold by J. James Wood, Druggist.

John H. Dersch has been granted liquor license by the County Court.

Every housekeeper should see the Standard Kitchen Cabinet, now on exhibition at No. 9 West Second street. It is one of the greatest economizers of space and time that inventive genius has yet devised. No kitchen is complete without it. Represented by N. A. Peters.

It is said that the Cases have not yet given over gaining their case at Cleve-land, but are bending all their energies towards making out a case that shall put them in possession of the case. The case belonged to the family of Cases, and that, therefore, his case with all its appurtenances should revert to them. Now, if they can substantiate this case, they can hardly fail of getting possession of the whole case.

The County Court has granted liquor license to W. A. Schatzmann.

Colonel W. LaRee Thomas has kindly consented to deliver an address on the occasion of the P. O. S. A. picnic at the Fairgrounds on the Fourth of July.

Booker T. Washington, the noted colored educator, whose address at the Atlanta Exposition on Negro Day was so favorably received all over the country, has had a degree conferred upon him by Harvard College in recognition of his valuable services to the cause of education and the advancement of his race.

THIS IS GOOD NEWS.

The St. Louis Platform Has Already Inspired Public Confidence.

Lexington Leader.

The Leader is pleased to reproduce the following dispatch from the first page of its esteemed free silver Democratic contemporary, the Lexington Argonaut, of Saturday, June 27th, 1896:

BUSINESS BETTER.

MRS. RACHAEL HUMBERT DEAD.

She Was a Sister of the Late Thomas Jackson of This City.

Connie Lee (Pa.) Courier.

HUMBERT.—At the residence of her nephew, John J. Gamble, Oakdale, Pa., Monday, June 28th, 1896, died, after a short illness, Mrs. Rachael Fallsfield Humbert, wife of George W. Humbert of Pittsburgh, and mother of George J. Humbert, President of the Connellsville Sheet Iron and Tin Plate Company, and of the Connellsville Extension Company. Deceased was a sincere Christian and a devoted wife and mother. Early life she became a member of Methodism Episcopal Church, and she died in the full confidence of a good death.

Mrs. Humbert was born in Lancaster, Pa., July 8th, 1836. She was a daughter of John Jackson, who came west in 1832 and lived on the Jack farm in Westmoreland county, opposite Natrona. In 1857 she married George W. Humbert of Pittsburgh, now a resident of Grand View avenue, Mt. Washington. Besides her husband, deceased leaves three sons and one daughter to mourn the loss of faithful and loving wife and mother.

Servants were held Monday evening at Oakdale, where the services of the Minister of the Presbyterian Church. Subsequent services were held in the Sansom Chapel, Pittsburgh, by Rev. Graham of the Methodist Episcopal Church, Tuesday morning, after which the remains were interred in the family lot in the Allegheny Cemetery.

She was a sister of the late Thomas Jackson of this city.

We are already indicating an increase of confidence and business activity. Foreign capital is seeking investment here in a way that was never known, the action of the St. Louis Convention giving foreigners more confidence. We can now get money from London at 4 per cent. on Chicago central property."

Bryon Smith, President Northern Trust Company, said that foreign capital, which had been withdrawn from the home market, was again being offered on account of the St. Louis platform

The Leader congratulates its free silver contemporary and the country on the encouraging news it brings from Chicago. The advocates of sound money have insisted all along that as soon as the currency question was settled confidence would be restored, idle capital would seek investment and our languishing industries and commerce would revive.

We are glad to note in The Argonaut that the dawn of better days is at hand. Of course if you see it in The Argonaut it is so.

Silverites

Fairly plain over our Silverware—it's so rich looking they can't see why our silver isn't just as good as gold. It is better for table service, and it is better for the health of the mouth and tongue, and spousa—better for gold for all these reasons. It is better for the health of the mouth and tongue, and spousa—better for gold for all these reasons.

Silver bowls, silver knives, silver forks, silver spoons, silver butter dishes, silver salt cellars, silver sugar bowls, silver tea sets, silver toilet accessories, silver trays and silver boxes.

There's nothing in silver that is not here, and we want you to see our silver display—Prices—We speak for ourselves.

J. BALLINGER, Jeweler, Maysville, Ky.

For the 9,000th time we have to advise correspondents that the charge for obituary notices is 5 cents a line.

Abe Wulsy and Drusilla Strawder, two of our best known colored citizens, have been granted license to marry.

The Ladies' Mite Society of the M. E. Church, South, will meet with Mrs. John W. Boulden on Wednesday evening at 7 o'clock.

The Newport Commercial Club will try to secure for that city one of the Schools of Reform Bay of Bengal provided by the last Kentucky Legislature. But Maysville will be satisfied with the "Pad-aux" to our credit.

Mr. John B. Layton, formerly Miss Brendle Littlejohn of this city, died recently at Cincinnati. Her husband is a son of John B. Layton of Concord.

Deceased was a daughter of Mr. Samuel Littlejohn, and a niece of the late Benji F. Williams.

Ever since the drowning of James E. Breckinridge, Friday afternoon at Parkers Ferry, a large crowd has been searching the river night and day but without success.

At first it was thought the body was in water 30 feet deep and a diver from Paris was sent for, but the body could not be found. It is now thought that it has been washed away and will probably not be found.

The funeral of Mrs. Edie E. Tolle, wife of Mr. James D. Tolle, took place Monday afternoon at half past 3 o'clock, from the residence on West Second street, Rev. I. P. Trotter of the First Baptist Church officiating. Mrs. Tolle died Saturday afternoon at ten minutes to 4 o'clock, after an illness of several weeks.

The remains were laid to rest in the Maysville Cemetery.

Lillian Lee, daughter of Mr. and Mrs. J. Edward Parker, died about 2 o'clock Monday afternoon at the residence of Mr. William P. Smoot, aged 30 months. She had been ill some three weeks. A sad feature of this affliction lies in the fact that Mrs. Parker herself has been seriously ill for some weeks, and that the little one died away from home. The funeral will occur on Wednesday morning at 10 o'clock, from the residence of Mr. Smoot, with services by the Rev. W. Hall.

Sam Price, for using abusive language, was yesterday fined \$10 and costs, and in default of a payment of fine silver he was to board it out with Jailer John.

The several Fire Companies met last night to arrange for attending the funeral of the late Conard M. Rudy, one of the charter members of the Washington.

San Price, for using abusive language, was yesterday fined \$10 and costs, and in default of a payment of fine silver he was to board it out with Jailer John.

The sale of H. C. Barkley's Shoes is not a matter of profit, but to realize money on the stock. See the prices and you will be convinced of the fact. The time is here when this stock must be sold.

The Contest Begins Over the Late George Riley's Will.

It will be remembered that the late George Riley of Maysville, one of the country's wealthiest citizens, left two wifes.

Both were buried in full in the Ledgen of June 30th, 1895, with the will dated at June 21st, 1895, with codicil of June 21st, 1896.

Mr. J. D. Riley offered the will dated December 21st, 1891.

After hearing the parties, Judge Hutchins overruled the motion of Mr. Longnecker.

And ordered the will of 1891 admitted to record.

Whereupon Mr. Longnecker appealed to the Mason Circuit Court.

The Court then appointed each of the contestants, Mr. Benjamin Longnecker and Mr. J. D. Riley, Curators of the estate, each giving a separate bond, with W. W. Ball and Dan Perrine as sureties.

John W. Boulden, Dan Perrine and James Threlkeld were appointed apportioners of the estate.

The Court then appointed each of the contestants, Mr. Benjamin Longnecker and Mr. J. D. Riley, Curators of the estate, each giving a separate bond, with W. W. Ball and Dan Perrine as sureties.

Peffer, who spoke for young Plummer, requested the Chief Justice to administer the dose; but on account of the extreme youth of the lad he was let off lightly, with an admonition from Mr. Peffer to do no more so.

West Enders will rejoice to know that the officers will henceforth look after the "toughs" and "hoodlums" of that locality.

Spanking Matinee.

Three Young Hopeless Paving the Way to the Penitentiary.

Charles Plummer, a mere kid, John Sloan, a big boy, and John Jones, still a bigger boy.

Were "hosed" up before Judge Wadsworth Monday afternoon.

They had been having a whole lot of Sunday fun by throwing green apples and other missiles at Billy Cole, one of the most harmless of fellows.

Finally, when they had knocked his hat off several times, and after they had begun throwing stones and remnants of brick, Mr. Cole lost his forbearance and, with the first opportunity he caused their arrest on a charge of disorderly conduct.

After a hearing, Judge Wadsworth fined them each \$20 and costs.

Then the parents, who were present, were given the option of having the boys put on the rockpile for nearly a month or taking them into the Spanking Annex and administering a sound thrashing on the "seats of learning," laid on with a well-ripened oaken paddle made for the purpose.

Mr. Jones was the first to respond, and after a lecture to his boy which was brim full of good counsel to his erring son, he laid him across a huge laundry basket and rained down on him a shower of blows that must have produced a full crop of blisters.

Next followed Mrs. Sloan, whose "whacks" were scarcely hard enough to disturb the dust in her boy's pants.

Seeing this Chief Justice seized the paddle, and the boy soon realized that there were lively times at that end of the line.

Every time the Chief brought down the paddle there was convincing proof that Sloan had sat down in a hornet's nest.

Peffer, who spoke for young Plummer, requested the Chief Justice to administer the dose; but on account of the extreme youth of the lad he was let off lightly, with an admonition from Mr. Peffer to do no more so.

West Enders will rejoice to know that the officers will henceforth look after the "toughs" and "hoodlums" of that locality.

The campaign liars have already begun their dirty work; and it will be no easy task to correct all the false statements they send out.

Rot For Workingmen. One of the first baldheaded lies that has made its appearance is an "interview" with

General Master Workman SOVEREIGN of the Knights of Labor, in which he expresses an opinion that organized labor will support free silver. Referring to McKinley's Manager, MARY HANNA, he says that by selecting him "McKINLEY has gained the bitter opposition of organized labor in every state in the Union," adds—

"HANNA has always been a vindictive foe to organized labor. He is an industrial cannibal. He has crushed Union after Union among his thousands of employees and taken delight in doing so. He is worse than CARNEGIE."

"In case of McKinley's election Hanna would be the real President."

In striking contrast with this professional mouthsmith, this is what The Philadelphia Times, a strong Democratic paper, sternly opposed to Mr. HANNA in politics, has to say of the man and his attitude toward workingmen:

WOULDN'T REDUCE WAGES.

For the Past Two Years Hanna Has Run His Pittsburgh Interests at a Loss.

Philadelphia Times, (Democrat.)

MARY A. HANNA, the director of Major WILLIAM McKinley's campaign, is the head of the firm of M. A. HANNA & Co., of Cleveland, the largest coal operators and lake shippers in the country. They have a number of mines near Pittsburgh, and Mr. HANNA has told several operators that unless the coal business radically improves within the next six months his firm will close out their business, as during the past two years they have resulted in heavy losses.

The attention of the country is now centered on Mr. HANNA. He has been criticized as an oppressor of labor and a competitor who would stop at nothing to secure contracts. T. H. CHAPMAN, one of the largest coal operators in the Pittsburgh District, and who has had the closest business relations with Mr. HANNA, gives the inside-history of Mr. HANNA's methods that is at variance with these criticisms.

When the proposed coal pool was being talked of, Mr. HANNA was a prime factor in the movement and in favor of paying the miner and producer fair wages and legitimate profits. When the pool failed, Mr. HANNA was the most disappointed of the shippers. He is still paying the 70 cent mining rate in that district. Competitors are paying less, and rather than force prices down it is said Mr. HANNA's Company will quit.

Crops of all kinds are some six weeks in advance of those of last season.

Taylor Bros. at Washington are selling 20 pounds of granulated sugar for \$1.50 packages of Arbuckle's coffee for \$1.50 and all their dry goods and shoes at cost to close out. They have a nice stock.

FOR KNOXVILLE TODAY.

The Locals Will Go to That City Greatly Strengthened.

The Locals leave this afternoon for Knoxville, Tenn.

This time they go a much stronger team than before.

Eberfield, one of the cleanest little ball-players one wishes to see and who has been signed for several days but has been unable to be here on account of sickness, will accompany them on this trip, as will also Cornelius and Renner, two other players of some note.

Manager Cox is expecting great things from us, together with a goodly number of Knoxville rooters, and it is our chance now to see that the visitors have a good time here so they can go home and say they were not treated to the shabby bench.

Norton, the youngest as well as the best left-handed pitcher this country affords, not excepting those in the National League, will probably pitch the first game tomorrow afternoon, and it is to be hoped the whole team will give him the best support possible. If this is done, you can place your free silver on Norton, as he will do his part and win the game.

SCOOFTS.

The Gallipolis team has disbanded. The Alerts will play at Portsmouth to-morrow.

Yesterday morning John Cook received a very serious injury in attempting to catch one of Frank Landgraf's terrific "inshots." It is the way the note read that was shoved under THE LEDGER office door.

Here's what the Ironmen Republicans has to say of the game at Portsmouth Friday:

"Manager Pratt took a picked-up nine of amateur ball-players to Portsmouth, and the Ironmen tackle the Poles, and the result was a Waterloo for the Ironmen. The Poles had a high-priced Mayville pitcher for the Ironmen to go up against, who, aided by Ironmen's errors, shut the visitors out. The team defeated yesterday, however, was not the team that defeated the Poles in two previous games recently. The score was 20 to 0."

The following squib from The Cincinnati Times-Star is reproduced in order that the Mayville people will catch the name "Mayville for Mayville," and always be found rooting for the home team:

"The question of 'What makes baseball popular' is hardly a debatable one, for the reason that any person who cares to analyze his own feelings will find it is love for supremacy of that which represents the city, as one jubilates over the distinction of leading a mercantile or manufacturing pursuit, is what makes baseball popular. A team must hustle herself. An effort to discount this theory—the existence of local pride—never has been successful.

Ironmen's Manager, MARY HANNA, has commented that while local pride is enabled because a team does not come up to the standard that calls for any sort of enthusiasm, the game is not on a paying basis. "Cincinnati for Cincinnati," the cry of the local fans, is illustrative of how a successful team is regarded in this city. One does not hear of any local patron of the game saying that he does not care where the Reds will finish. Nor do you hear any regular attendant say that he hopes that some other team will beat out the Reds."

Deafness Cannot be Cured
by local applications, as there cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional treatment. Deafness is caused by the accumulation of mucus in the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed there is no hearing. This mucus must be removed so that we can take out this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh, that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Detroit and Cleveland Steam Navigation Company's steamers are now running daily (except Sunday) between Detroit and Cleveland. When traveling East or West, North or South, try to arrange to take advantage of these luxurious steamers between Michigan and Ohio. If you are coming to the summer vacation, call on A. A. Schantz, P. A., Detroit, Mich., for illustrated pamphlet, which gives full information of a trip to Mackinac via the Cossatot Line.

Mr. James Perdue, an old soldier residing at Monroe, Mich., was severely afflicted with rheumatism but received prompt relief from pain by using Chamberlain's Pain Balm. He said that this balm would sober him badly that I could hardly raise up. If I had not gotten relief I would not have to write to these few lines. Chamberlain's Pain Balm has done me a great deal of good and I feel very thankful for it. For sale by J. James Wood, Druggist.
